SARRC is established by two mothers of children with autism and their developmental pediatrician.

SARRC's first brick-and-mortar location opened in Phoenix, which initially focused on research, as well as the JumpStart® program.

SARRC's first program, JumpStart®, is launched to provide information, tools, and strategies to families new to autism.

The Grandparents Support Group is formed to help educate, empower, and support grandparents.

SARRC's first Community School opened in Phoenix, focusing on children with and without autism.

SARRC and TGen teamed up to conduct Arizona's largest and most comprehensive molecular and genetics research conducted on autism.

SARRC moved its facilities to a new, larger building known as the Campus for Exceptional Children.

SARRC launched its social enterprise program, Beneficial Beans®, to provide training and employment opportunities for teens and adults with autism.

SARRC's sister organization, First Place Arizona, is founded to create a supportive, sustainable community where adults with autism and other neurodiversities live and thrive with pride, purpose, and endless possibilities.

SARRC partnered with VirTra, a provider of training simulators for law enforcement, to develop comprehensive training to help officers bridge the communication gap with individuals on the autism spectrum as well as interact more effectively and positively.

SARRC introduced its first Self-Advocate Advisory Board.

SARRC celebrates 25 years of providing a lifetime of support to children, teens, and adults with autism and their families.
We proudly support
SARRC
AND THEIR MISSION TO HELP PEOPLE
WITH AUTISM ACHIEVE THEIR GOALS.

"THE GREATEST GIFT THAT YOU CAN GIVE TO OTHERS IS
THE GIFT OF UNCONDITIONAL LOVE AND ACCEPTANCE.”
